Every year, BPAMA marketer and supplier members join BP representatives to:

- Address critical issues facing our industry
- Reflect on recent performance
- Look ahead to new opportunities that can improve your business

This year's BPAMA Convention and Business Expo was developed to arm you with the information, strategies and resources that will help you thrive in a difficult economy while giving you a voice in the future initiatives that will drive your success.

We're particularly excited about the insights our two featured speakers will provide:

- Economist Philip Verleger of PKVerleger will address the current economy, our industry, and the political implications to both
- David Portalatin of the NPD Group will share consumer purchasing trends in the automotive and oil industry
